

HEY WFRUG,  
WE HOPE YOU ARE ENJOYING YOUR APRIL SHOWERS SO FAR, AND ARE LOOKING FORWARD TO SOME WONDERFUL FLOWERS!

We have an awesome opportunity to give valuable feedback to Jeremy Farner who is creating an AEC/BIM program for Weber State.

There has been a shortage of trained professional to fill the BIM jobs needed in the industry, and now we can help to solve that problem by coming together and giving some feedback about what we are looking for from the next generation of BIM Designers.

This meeting will be on Thursday, April 21nd  
Here at Taylor Electric (2650 South 1030 West) from Noon until 1:00 PM.  
Food will be provided by Jeremy!

***Taylor Electric has limited space in the Conference Room. We can comfortably fit 15 people but can sit about 25 if needed. If you RSVP, please make sure you attend. If you do RSVP but cannot attend please let us know so we can give you seat to someone else!***

Jeremy has put together a survey that he would appreciate anyone to fill out that might have some thoughts about how this program could best come together, so even if you don't

plan to attend the meeting, will you please fill out the survey?
